

# The Ishbane Conspiracy Victory!

## Ice Breaker/Game:

## Book Study:

### **We have VICTORY!**

*Time: about 60-90 minutes*

*Students will learn that, even though Satan has his schemes, God is always bigger and we have victory over sin and death because of what Jesus has done in us!*

**Supplies:** varies

Make sure that you use the last week in the study to celebrate with your students. This was not an easy study to work through and your students have spent a considerable amount of time on some tough subjects. Take this opportunity to place a monument (Joshua 24:26-27) to commemorate what God has done in and through your students. Make it special for them so that they will remember what they have learned. Here are a few suggestions:

- 1. Victory Fiesta – Do a themed party with tacos and special music. Make sure to have a small devotional that talks about the power that God gives to us to resist temptation and have victory over sin.**
- 2. Worship Kicker – Have a night of worship to thank God for all that he has done in the past 3 ½ months. Recognize the power that God gives to us, through the Holy Spirit, with the themes of the songs and make sure to allow for ministry time.**
- 3. Mini-Church Service – Give your students a taste of a mid-week service by giving a mini sermon about the armor of God and how He gives us these tools to resist the devil and his plans.**
- 4. Whatever your students will enjoy that still falls in line with the theme of your group and the study. Get creative! This is also an opportunity to have some other people that normally do not lead step up and take the reins a little!**
